Biology - Indian Institute of Science

Going through cell biology, and wonders of life explained, one comes out in awe of who we are. Highly recommended read :-) BTW, the book by Sadava (Life. The science of Biology) is also very nice. In fact it was hard for me to choose between the two. Sadava is perhaps a bit more crisp in certain chapters, while Campbell in some others.

Un libro electrónico, [1] libro digital o ciberlibro, conocido en inglés como e-book o eBook, es la publicación electrónica o digital de un libro.Es importante diferenciar el libro electrónico o digital de uno de los dispositivos más popularizados para su lectura: el lector de libros electrónicos, o e-reader, en su versión inglesa.. Aunque a veces se define como "una versión ...

Libro electrónico - Wikipedia, la enciclopedia libre

As bactérias possuem uma grande diversidade de formas e tamanhos, chamados de morfologias.As células bacterianas têm cerca de um décimo do tamanho das células eucaríóticas e têm tipicamente de 0,5 a 5,0 micrômetros de comprimento. No entanto, algumas espécies são visíveis a olho nu - por exemplo, a Thiomargarita nambiensis tem até meio milímetro de comprimento [47] e a ...
