Smart Mobs The Next Social

Smart Mobs takes us on a journey around the world for a preview of the next techno-cultural shift. The coming wave, says Rheingold, is the result of super-efficient mobile communications-cellular phones, wireless-paging, and Internet-access devices-that will allow us to connect with anyone, anytime, anywhere. Rheingold offers a penetrating perspective on the new convergence of pop culture, cutting-edge technology, and social activism.

(PDF) Smart mobs: the next social revolution | Silvia ...

A smart mob is a group whose coordination and communication abilities have been empowered by digital communication technologies. Smart mobs are particularly known for their ability to mobilize quickly. The concept was introduced by Howard Rheingold in his book Smart Mobs: The Next Social Revolution. Rheingold defined the smart mob as follows: "Smart mobs consist of people who are able to act in concert even if they don't know each other... because they carry devices that possess both ...
